

Managing bone and bone marrow involvement in neuroblastoma with anti-GD2 therapy

Chair

Daniel Morgenstern

Hospital for Sick Children (SickKids), University of Toronto, Toronto, ON, Canada

Faculty

Juliet Gray

Southampton General Hospital, Southampton, UK

Lieve Tytgat

Princess Máxima Center for Pediatric Oncology, Utrecht, Netherlands

Release date: June 30, 2023

Expiration date: June 30, 2024

Estimated time for completion: 1.0 hour

Available 1 AMA PRA Category 1 Credit(s)[™] and 1 European CME credit (ECMEC[®])

Activity description

This highly engaging symposium will be designed around an interactive lecture and some short patient-case challenges highlighting the importance of bone and bone marrow involvement in the burden of neuroblastoma. The audience will be encouraged to test their knowledge and take part in making key clinical decisions to solve the patient-case challenges. The experts will provide practical guidance on the evaluation, diagnosis, and treatment of patients with high-risk neuroblastoma in bone and/or bone marrow.

Target audience

This activity is intended for oncologists, surgeons, radiologists, pathologists, pharmacists, physician assistants, and other healthcare providers involved in the management and treatment of patients with pediatric neuroblastoma.

Learning objectives

After completing this activity, the participant should be better able to:

- Discuss the bone and bone marrow as important compartments for resistant and persistent disease
- Assess the efficacy and complementary nature of techniques to diagnose bone and bone marrow infiltration in patients with neuroblastoma
- Implement the latest therapeutic options for the treatment of patients with relapsed/refractory high-risk neuroblastoma in the bone and/or bone marrow

- **Physician continuing medical education**

The Managing bone and bone marrow involvement in neuroblastoma with anti-GD2 therapy, made available on <https://ologyeducation.org/> and organized by Ology Medical Education, is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists.

- Each medical specialist should claim only those credits that he/she actually spent in the educational activity. The EACCME is an institution of the European Union of Medical Specialists (UEMS). Only those e-learning materials that are displayed on the UEMS-EACCME website have formally been accredited.
- Through an agreement between the European Union of Medical Specialists (UEMS) and the American Medical Association (AMA), physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credit(s)™. Information on the process to convert EACCME® credit to AMA credit can be found at www.ama-assn.org/education/earn-credit-participation-international-activities.

Joint accreditation statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Ology Medical Education. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Physician continuing medical education

The Postgraduate Institute for Medicine designates this enduring material for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Method of participation and request for credit

There are no fees for participating in this activity or for receiving CME/continuing education (CE) credit for this activity.

To claim credit, participants must complete the following procedures during the period June 30, 2023, through June 30, 2024.

1. Read the educational objectives, accreditation information, and faculty disclosures
2. Complete the webcast
3. Take the post-activity test and complete the evaluation
4. Indicate the number of credits earned and download the certificate of CME credit

Disclosure of conflicts of interest

Daniel Morgenstern	Receipt of grants/research supports: BMS Receipt of honoraria or consultation fees: Boehringer Ingelheim, Clarity Pharmaceuticals, EUSA Pharma, Hoffman-La Roche, RayzeBio, Regeneron Pharmaceuticals Inc., Y-mAbs Therapeutics
Juliet Gray	Receipt of grants/research supports: BMS, Celgene, EUSA Pharma Receipt of honoraria or consultation fees: Norgine, Y-mAbs Therapeutics Participation in a company sponsored speaker's bureau: BeiGene
Lieve Tytgat	The faculty, and/or their spouse/life partner, does not have potential conflict of interest to report

Planners and managers

The Ology Medical Education planners and managers have nothing to disclose.

Provider information

Provided by Ology Medical Education.

Financial support

This activity is supported by an independent educational grant from Y-mAbs Therapeutics, Inc, USA.

Disclosure of unlabeled use

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily

represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The course materials are for educational purposes only and should not be reproduced or distributed in any way. If you wish to reproduce, store in a retrieval system, transmit in any form or by any means, electronic, mechanical, photocopying, recording, or otherwise, any part of the material presented, you will need to obtain all the necessary permissions by writing to the publisher, the original author, or any other current copyright owner.
